

Partner Reading Discussion Card:  
Earth's Layers

**Read page 159 in the ScienceSaurus.  
Then read the following:**

- 1. Identify how many layers the Earth has.**
- 2. Identify the name of the outer layer of Earth.**
- 3. Identify the material that the crust is made of.**

**Now re-read p. 159. While re-reading, look for the answers.**

**Discuss the answers with your partner.**
